Professional Summary

A motivated 2nd-year Computer Science student passionate about Full-Stack web development and AI integration. Hands-on experience in building, managing, and deploying real-world web applications. Skilled in leveraging AI tools (Prompt Engineering & AI Orchestration) to accelerate development and implement complex features.

Education

Bachelor's Degree in Computers and Information, Egyptian E-Learning University (EELU). Expected graduation: 2029.

- **Completed coursework:** Introduction to Computer Science, Discrete Mathematics, Technical Report Writing.
- **Currently studying:** Computer Network Technology, Fundamentals of Management, Math 1, Electronics.

Projects & Hands-on Experience

NOVO - Personal Intelligence OS (AI Assistant)

Full-Stack Developer / AI Orchestrator

Tech Stack: React, Zustand, Node.js, Firebase, Google Gemini API, Render

Live Demo: novo-app.onrender.com

- Built a robust, real-time AI productivity assistant for managing tasks, goals, and daily schedules (under active development).
- Implemented secure authentication flows and real-time database synchronization using Firebase.
- Engineered Function Calling algorithms using Gemini API to translate natural language into actionable UI tasks.
- Managed local state (Zustand) and deployed on Render, resolving dependency and deployment challenges.

Dawaak - E-Pharmacy Platform

AI Prompt Engineer / Developer

Tech Stack: AI Agents (Antigravity)

- Participated in developing an online pharmacy web application.
- Utilized advanced AI agents (Antigravity/Teamwork workflows) to architect and generate functional code modules.
- Structured logic and prompts to build UI components, shopping flows, and user actions.

Technical Skills

- **Programming Languages:** Python, C++, JavaScript/TypeScript (Basics).
- **Web Technologies & Tools:** React (Basics), Firebase (Auth, Firestore), Git, RESTful APIs.
- **Modern Workflows:** Prompt Engineering, AI Orchestration, Debugging AI-generated code.
- **General Knowledge:** Basic understanding of Computer Networks and hardware setup.
